- Committed to integrated supply chain management with value-added services such as container repair, maintenance, and cleaning
- Dedicated team of professionals ensuring compliance, transparency, and operational excellence

# WELCOME TO VCTPL

Spread across 7 acres with a storage capacity of approximately 3,700 containers, Vector Container Terminal delivers reliable 24/7 container services. Equipped with advanced handling equipment, a skilled workforce, and robust security systems, we ensure smooth and secure operations. Our facility also offers professional container washing, repairs, and continuous monitoring for efficient and uninterrupted service.

In addition, we operate as a licensed custom bonded warehouse, providing secure storage under customs supervision. This allows businesses to defer duty payments, streamline import/export processes, and minimize operational costs. This strategic advantage, combined with our comprehensive container services, makes us a trusted partner for international trade and logistics.

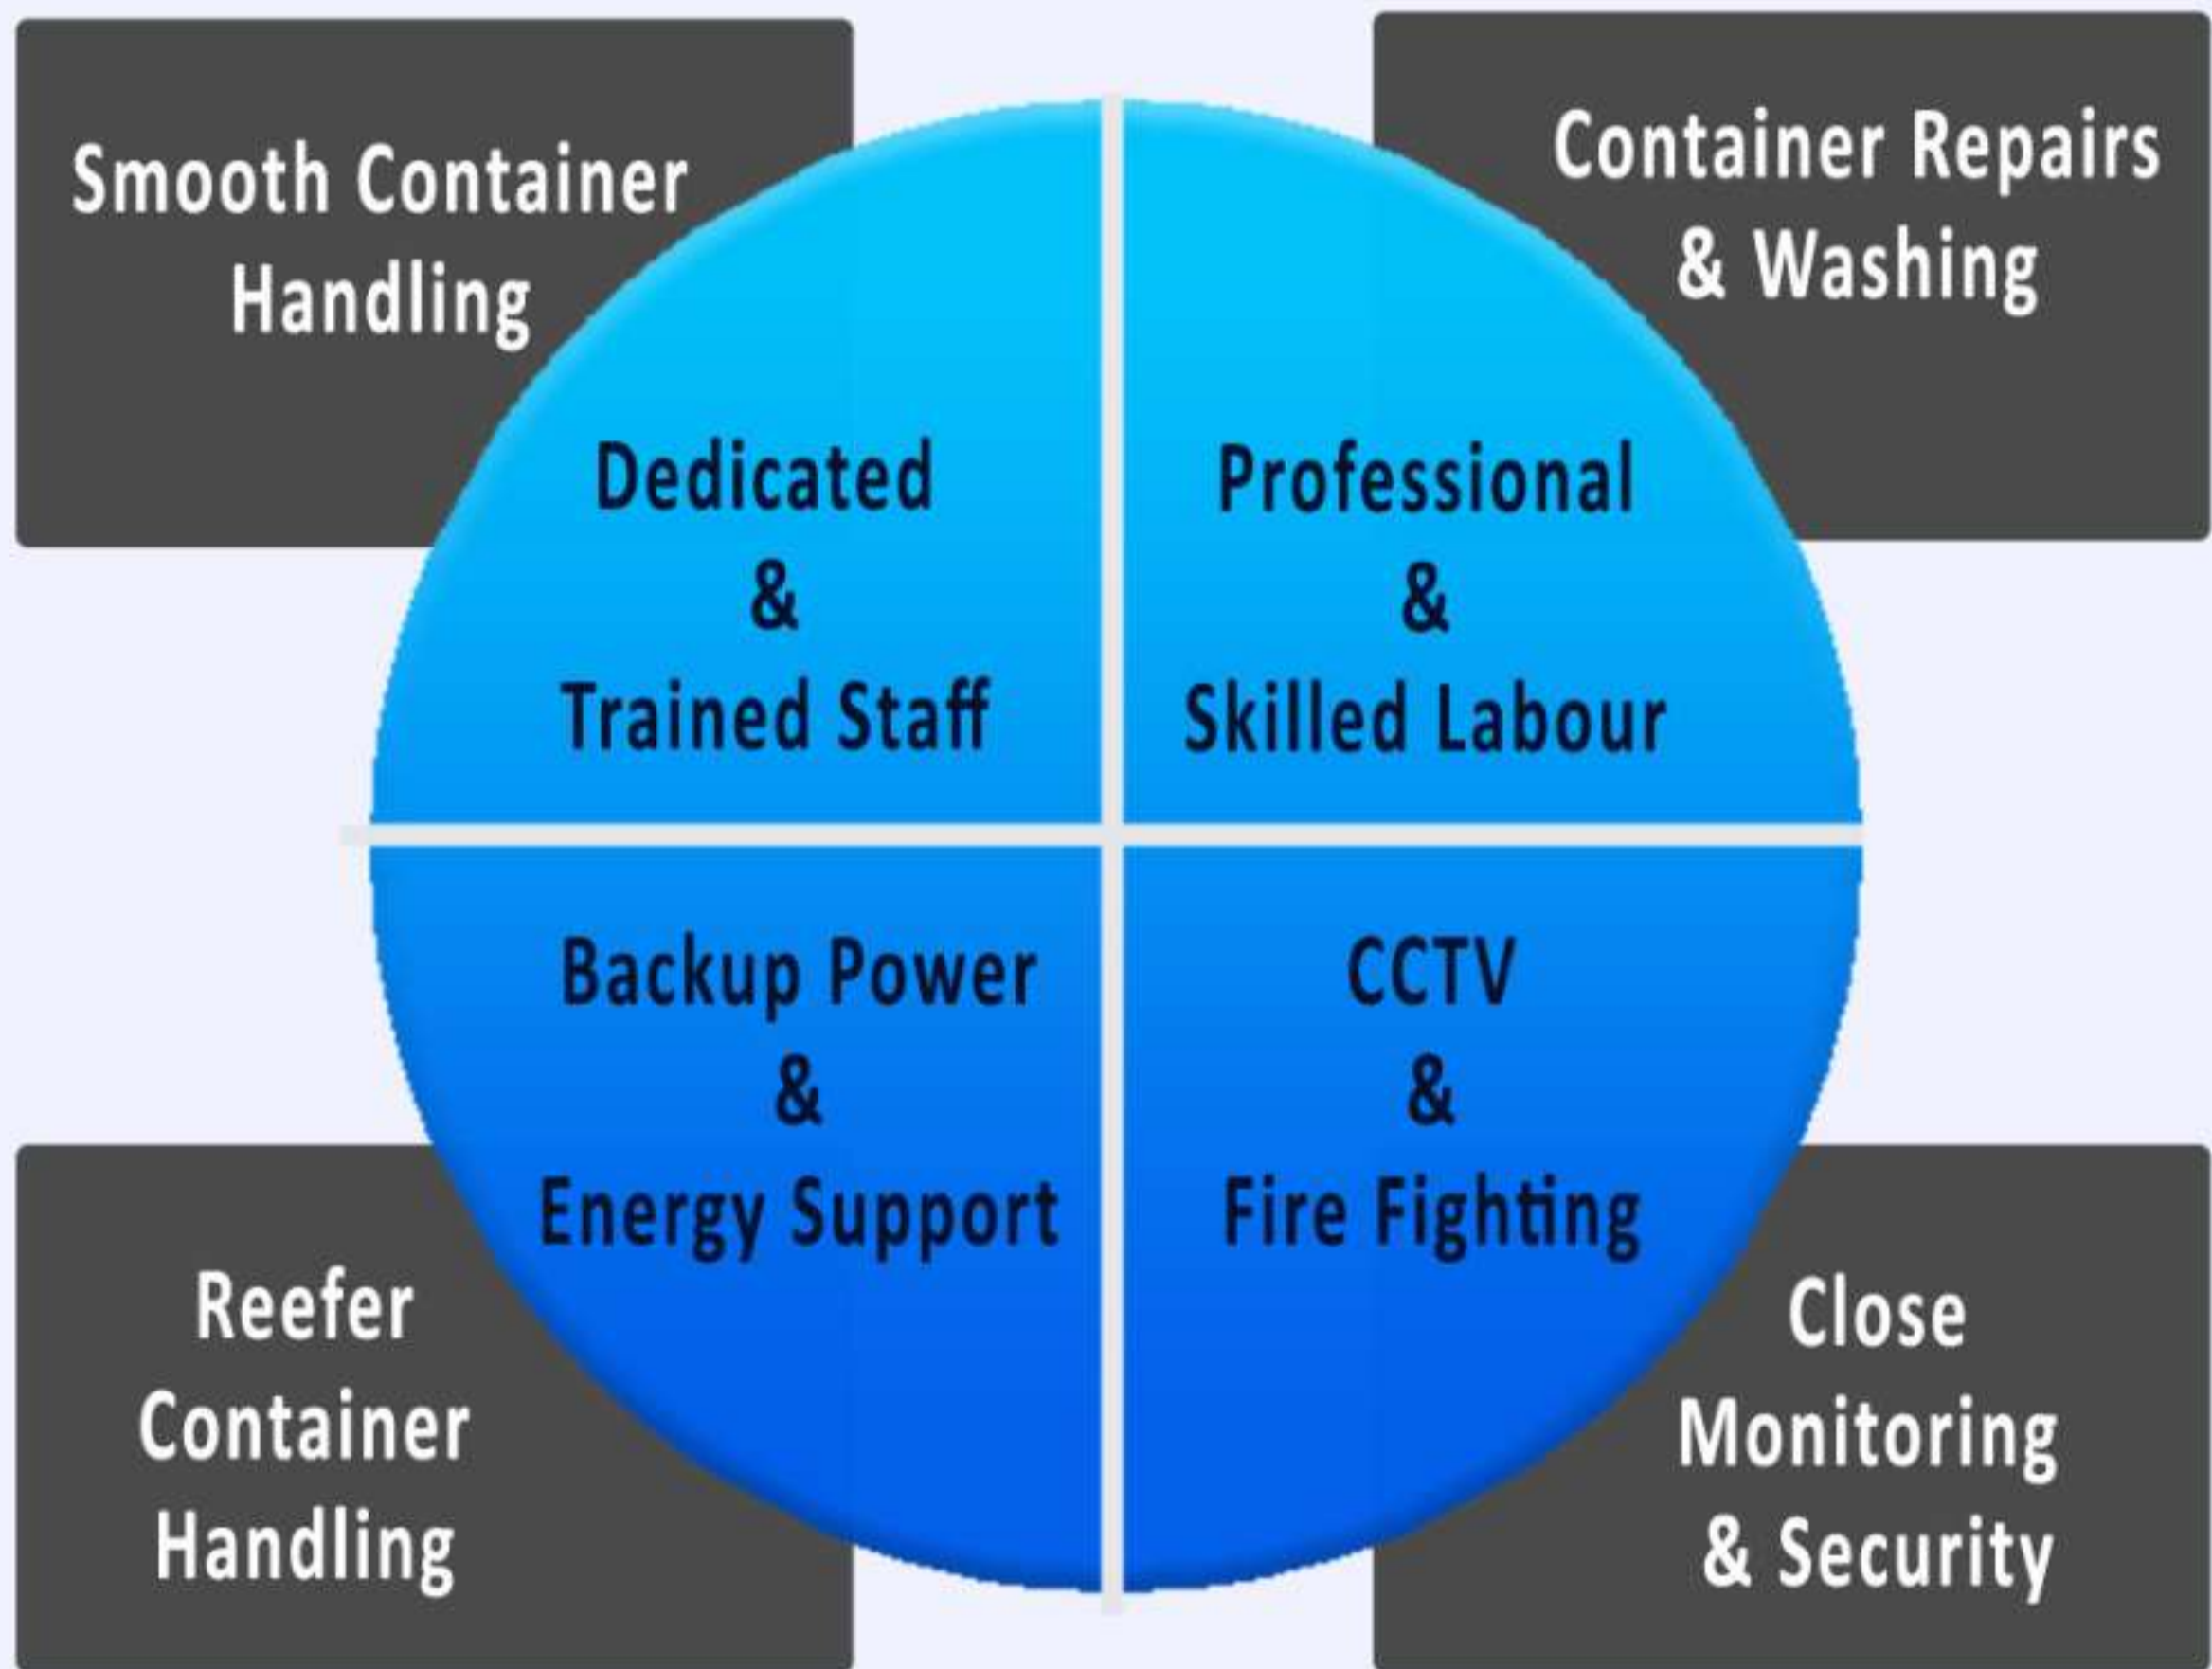

# OBJECTIVES

Providing a secure, efficient, and accessible storage solution for empty containers, aimed at:

- Reducing port and depot congestion
- Improving turnaround time for truckers and shipping lines
- Minimizing container idle time
- Enhancing supply chain efficiency
- Offering value-added services such as maintenance and cleaning
